## Dutiable Creosote Admitted Free at New Orleans as Creosote Oil

### MILLIONS LOST BY THE GOVERNMENT

#### Former Collector of Customs Testifies Before House Committee States That Secretary MacVeagh Told Him Railroads Could Not Afford to Pay It, Hence Ruling Was Reversed—Another Witness Heard.

Washington, May 22.—Testifying before the house committee on expenditures in the treasury department today, J. E. B. Stuart, former collector of customs at Newport News, said that Secretary of the Treasury MacVeagh told him that the department reversed a ruling calling for collection of a twenty per cent duty on creosote imported because the railroads could not afford to pay duty on that commodity.

#### MacVeagh's Brother Interested.

Another witness testified that Secretary MacVeagh's brother interested himself in the matter.

#### Stuart Goes Before Committee.

Mr. Stuart, who initiated an investigation into creosote imports at New Orleans last fall, charging that the government was losing millions in revenues because creosote, dutiable at twenty per cent, was being imported as creosote oil, free of duty.

#### No Duty Collected at New Orleans.

Stuart related that he found no duty was being collected there, although from foreign ships whose manifests showed their cargoes to be creosote and that the cargoes were received as creosote oil, which is on the free list.

#### Curtis Stopped the Collection.

He said last September Assistant Secretary of the Treasury, Mr. Curtis, ordered that duty be collected on such imports and that subsequently Assistant Secretary of the Treasury Curtis was ordered on the ground that the goods were not subject to revenue because they did not contain as much as two per cent chlorine gas and could not be classed as refined creosote. He said that he called on Mr. Curtis and explained the decision and then visited Secretary MacVeagh, who explained the decision.

#### Railroads Could Not Afford to Pay It.

"Did Mr. MacVeagh give any reason for the order?" Chairman C. of the committee asked.

"Yes," Stuart replied, "he said that the railroads could not afford to pay duty on it."

"Was that the only reason he gave?" asked the chairman.

"That is the only one I recall," was the reply.

#### CLUBS CANNOT SELL LIQUOR ON SUNDAY.

#### Judge Foster Hands Out the Law in Bridgeport Court.

Bridgeport, Conn., May 22.—Judge Foster in the court today handed out what is believed to be the death knell not only for the so-called Sunday clubs but also for the liquor traffic in this city. He ruled that the clubs could not sell liquor on Sunday and that the clubs could not sell liquor on Sunday and that the clubs could not sell liquor on Sunday.

#### LOVERS DROWNED IN CONNECTICUT RIVER

#### Canoe in Which Springfield Party Was Boating, Capsized.

Thompsonville, Conn., May 21.—Ellen Moore, 22 years old, and Miss Annie Rooney, 23 years old, both of Springfield, were drowned in the Connecticut river a mile north of here late today when the canoe in which they were boating capsized. The party had come down the river from Springfield about seven miles, when it is thought in changing seats the canoe overturned. The cries of the people in the water were heard by three men who were passing in a launch, and they went to their rescue, but on their arrival found only the bodies of the two young women.

### ONE OF THE 'HERESIES' PREACHED BY REV. DR. GRANT.

#### Case is Now Being Heard

#### Contents Eve Was Not Tempted by Satan and Denies Existence of Jehovah—No Personal Devil, He Says.

Atlantic City, N. J., May 22.—Consideration of reports was the principal business of the day at the sessions of the Presbyterian general assembly. Among these reports were those of the committee on ministerial relief and the committee on education.

Dr. Grant Once Acquitted. The judicial commission expected today to hear argument in the heresy case against the Rev. Dr. Wm. D. Grant of Northumberland Pa. Dr. Grant was acquitted by the Northumberland presbytery in 1908 on charges of heresy. The prosecution took the case on appeal to the supreme body of the church.

The Appeal Entertained. The matter was referred to the judicial commission, which entertained the appeal, and counsel will be heard to determine whether or not the case warrants further action, if any, shall be taken.

Said Moses Had the Blues. There is much interest in the heresy trial. Some of the remarkable statements credited to Dr. Grant follow: "I have been tormented by the blues some of his time."

"I have no personal devil."

Eve Not Tempted by Satan. "I've found sin in my own heart and was not tempted by Satan."

"Christ was crucified in a perfectly natural manner by a mob of fanatic Jews and did not plan his own crucifixion."

Does Not Believe in Divine Inspiration. Such remarks as these are against every basic doctrine of the church and indicate a proponent of a heresy that Dr. Grant does not believe in the divine inspiration of the scriptures.

Denies Existence of Jehovah. These statements, alleged to have been made by Dr. Grant in sermons and writings, are contained in the testimony against him. This testimony was taken at a hearing in 1908. Among other startling theories said to have been advanced by the accused were: That the Bible is a collection of lies; that there ever was such a man as Jesus; and that neither Christ nor anyone else was ever crucified.

Did Not Believe in Divine Inspiration. Such remarks as these are against every basic doctrine of the church and indicate a proponent of a heresy that Dr. Grant does not believe in the divine inspiration of the scriptures.
